

## Galapagos Domestic Flights

Master Liveboards has a seating allowance for all guests boarding Galapagos Master in San Cristóbal with Avianca. Flights operate from Quito through Guayaquil and we recommend that you authorise us to hold your seat when confirming your cruise in order to take advantage of our fixed preferential pricing and service. We will invoice you for the flight; however, you will not need to pay the balance of the flights until you pay the final balance of your cruise. Please note that tickets are issued by the airline no earlier than 21 days in advance of the flight.

We can also book other flights into the islands on different dates and if you wish to extend your stay, please enquire for details. If you choose to book your tickets through other avenues then please note you will have to check in at the airport unassisted (see below), so you will need to queue and pay for your transit card and park entrance fees in cash.

Master Liveboards has seat allotments on the following flights for our cruises with the times as noted below:
