

## ADDITIONAL LIABILITY RELEASE AND EXPRESS ASSUMPTION OF RISK AGREEMENT FOR TECHNICAL DIVING (TO BE SIGNED IN ADDITION OF THE ABOVE)

Please read carefully, fill in all blanks and initial each paragraph before signing.

I \_\_\_\_\_ [INSERT FULL NAME] HEREBY DECLARE THAT I AM A CERTIFIED SCUBA DIVER, TRAINED IN SAFE DIVING PRACTICES, INCLUDING THE USE OF NITROX AND/OR TRIMIX AND I AM AWARE OF THE INHERENT HAZARDS OF SNORKELING, SKIN DIVING AND SCUBA DIVING.

\_\_\_\_\_ I FURTHER STATE that I am an experienced diver and have been certified by \_\_\_\_\_ [ENTER TRAINING AGENCY] and that I am aware of the required certification or equivalent experience required to participate in technical diving activities. I have been a certified diver since \_\_\_\_\_ [INSERT DATE AND/OR YEAR], and have been diving for \_\_\_\_\_ [INSERT NUMBER OF YEARS] years, with a total of approximately \_\_\_\_\_ [INSERT NUMBER OF DIVES] dives, to a maximum depth of \_\_\_\_\_ [INSERT MAXIMUM DEPTH] metres/feet [CIRCLE ONE].

\_\_\_\_\_ I FURTHER DECLARE that I am thoroughly aware of the inherent hazards of participating in technical and recreational scuba diving activities, and in consideration of being allowed to participate in this activity, I hereby assume all risks in connection with said activity, for any harm, injury or damage I may suffer while I am participating in this activity, including all risks connected therewith, whether foreseen or unforeseen.

\_\_\_\_\_ I FURTHER DECLARE that I am properly trained, thoroughly informed, and completely understand the inherent hazards of Technical Scuba Diving activities, including the risk of serious injury or death. Further, I understand that diving while breathing air, oxygen-enriched air (nitrox), trimix, and 100 percent oxygen involves certain inherent risks that may include, but are not limited to: decompression sickness, embolism, oxygen toxicity, inert gas narcosis, hypoxia (low oxygen), hypercapnia (high carbon dioxide), gas narcosis, fire and/or explosion hazards, barotrauma or hyperbaric injuries that can occur and require treatment in a recompression chamber, drowning and marine life injuries. I further understand that Technical Scuba Diving activities may be conducted at a site that is remote, either by time or distance or both, from such a recompression chamber. I still choose to participate in such Technical Scuba Diving activities, despite the possible absence of a recompression chamber in proximity to the dive site.

\_\_\_\_\_ I FURTHER DECLARE that I understand that using CCRs or SCRs (if using) involves additional risks that exceed those encountered in other forms scuba diving.
